## INTRODUCING THE BODY CODE

### The Body Code with Lexie

#### ● **Understanding Pain**

A simple & natural way to overcome pain through Body Code by understanding what causes your pain and Do something about it.

#### ● **Trapped Emotions**

All things are made of energy, including emotions. Negative emotions can become trapped or lodged within the body. Trapped emotions distort cell energy and tissues which can lead to pain, disease and emotional problems

#### ● **Natural Healing System**

The Body Code helps identify the underlying, root cause imbalances that contribute to pain. Trapped Emotions are one common type of imbalance that contribute to ailments, such as joint pain, digestive issues, depression, headaches and many others.

#### ● **Kinesiology/Muscle Testing**

Using muscle testing to tap into your body's Computer, which is the subconscious mind, imbalances can be identified. Muscles testing is simple, non-invasive. By removing imbalances, you allow your own body to do the healing it was designed to do.

#### ● **Who Will Benefit**

The Body Code is safe for all ages, including infants, young children, the elderly and anyone in between!!
