

Dear BRSC Members:

The Thanksgiving and December holidays are approaching and we wish all our families healthy celebrations! The next 7 weeks will include travel and extended family and friend gatherings for many of us. Importantly, all members need to be highly aware of the activities that are considered higher risk for contracting Covid-19 during travel or attendance at social gatherings.

- **Being in an area that is experiencing high levels of COVID-19, including destinations with a Level 3 Travel Health Notice. You can check the Travel Health Notices for recommendations for places you have traveled, including foreign countries and U.S. territories. You can also check states, counties, and cities to determine if these areas are experiencing high levels of COVID-19.**
- **Going to a large social gathering like a wedding, funeral, or party where masking and social distancing is not expected.**
- **Attending a mass gathering like a sporting event, concert, amusement park, or any party where masking and social distancing is not expected.**
- **Being in crowds – for example, inside restaurants, bars, airports, bus and train stations, or movie theaters where masking and social distancing is not expected.**

Following travel or gatherings, our members need to evaluate the potential that they or their family were at any higher risk exposure. Sometimes our best laid plans for safety don't play out. If social distancing and masking is not maintained around new groups, I will ask our members to self quarantine, and contact the BRSC staff for guidance prior to returning. The club has managed all the safe Covid-19 protocols well, and the staff will continue the safe screening practices until local Health Departments advise otherwise. Thank you for your support throughout the holidays, and thanks for reviewing the club web www.burkeclub.com to stay current with all our programs and any holiday specials or changes.

We will be closed on Thanksgiving and Christmas Day.

Best for continued good health,

Pete Morgan

GM, BRSC
